Assembling the triangles  
(Use the fullsize template on the back of this  
instruction sheet for help)

The triangles are correctly  
assembled if this shape forms in  
the center of each triangle

Assembling the  
top section

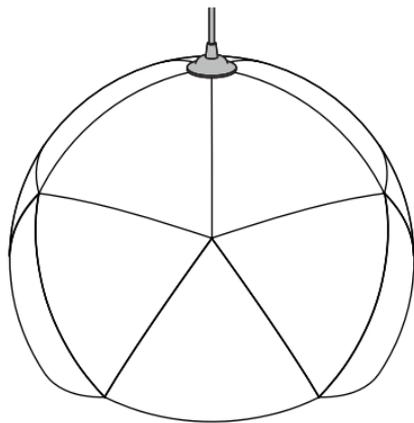

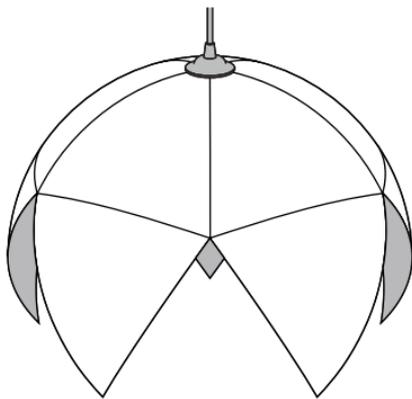

E27 / E26

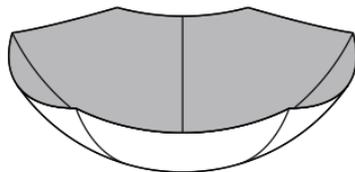

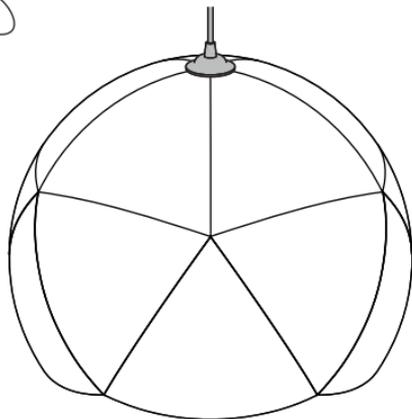

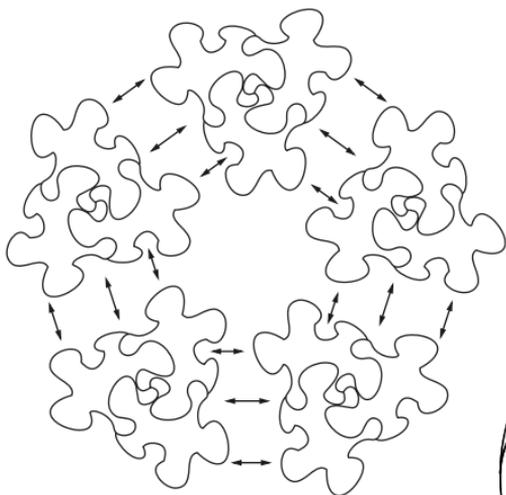

MAX 60W LED

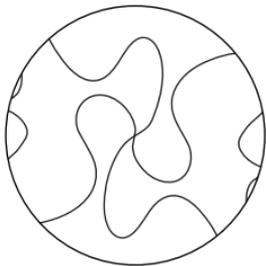

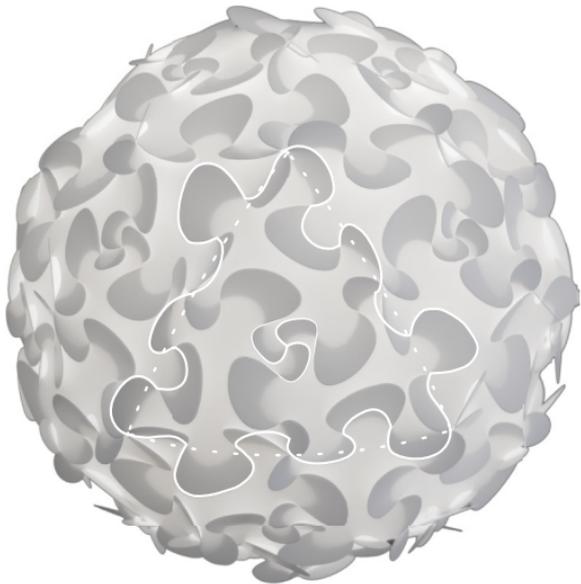

Inserting the socket  
Note how the top pieces overlap  
(The last overlapping piece, will be a little  
loss until socket is inserted)

Assembling the tringales in the order as shown

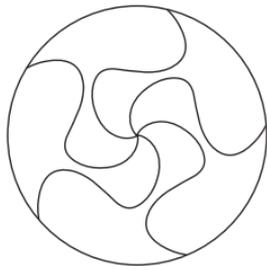

Assembling the bottom and completing the assembly

Look for this wave shape where the sides of two triangles meet

Look for this over shape where the points of five triangles come together
