IMPORTANT: Before nailing legs to the ground, try to open and close the roof to see if it works rightly.

Make sure that the diagonal line is equal, $A=B=464.8\text{cm}$, and all legs are 90° vertical to the ground.

IMPORTANT : Avant de fixer les pieds au sol, essayez d'ouvrir et de fermer le toit pour vérifier son bon fonctionnement. Assurez-vous que la diagonale est égale ($A = B = 464,8 \text{ cm}$) et que tous les pieds sont à 90° à la verticale du sol.

WICHTIG: Bevor Sie die Beine am Boden festnageln, versuchen Sie, das Dach zu öffnen und zu schließen, um zu prüfen, ob es richtig funktioniert.

Stellen Sie sicher, dass die Diagonale gleich ist ($A=B=464,8 \text{ cm}$) und alle Beine im 90° -Winkel zum Boden stehen.

IMPORTANTE: prima di inchiodare le gambe al suolo, provare ad aprire e chiudere il tetto per verificarne il corretto funzionamento.

Assicurarsi che la diagonale sia uguale, $A=B=464,8 \text{ cm}$, e che tutte le gambe siano a 90° rispetto al suolo.

IMPORTANTE: Antes de fijar las patas al suelo, intente abrir y cerrar el techo para comprobar su correcto funcionamiento.

Asegúrese de que la línea diagonal sea igual ($A=B=464,8 \text{ cm}$) y que todas las patas estén a 90° del suelo.

WAŻNE: Przed przybiciem nóg do podłoża spróbuj otworzyć i zamknąć dach, aby sprawdzić, czy działa prawidłowo.

Upewnij się, że linia przekątna jest równa, $A=B=464,8 \text{ cm}$, a wszystkie nogi są ustawione pod kątem 90° do podłoża.

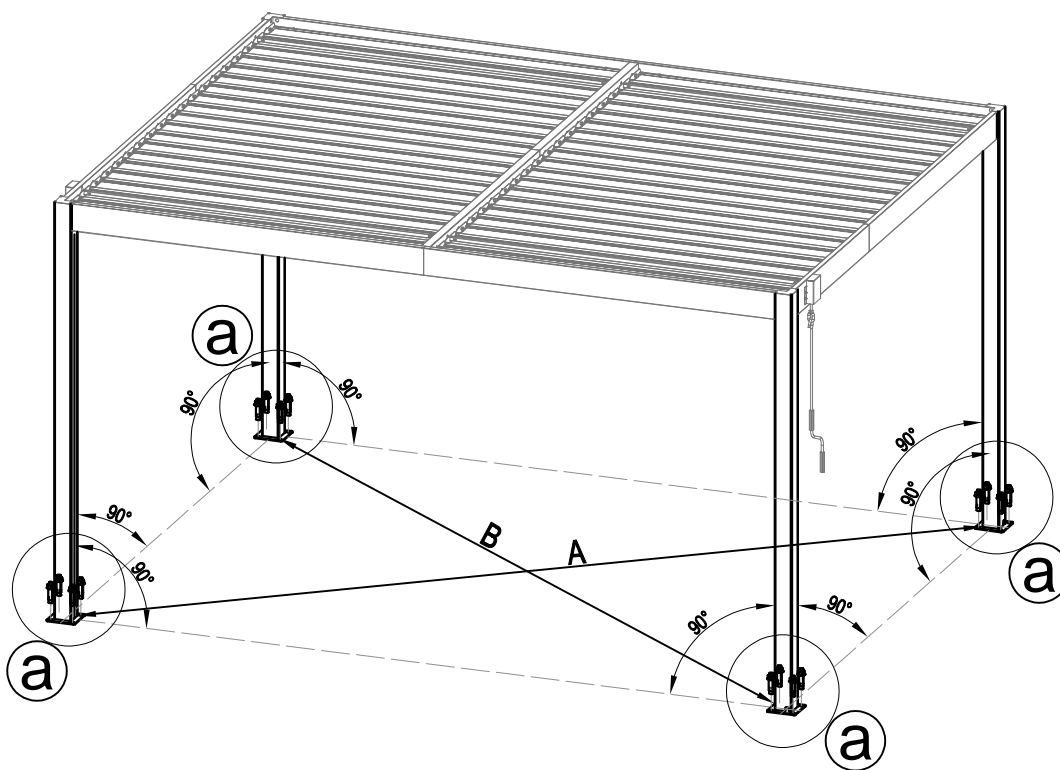

BELANGRIJK: Probeer het dak te openen en te sluiten voordat u de poten aan de grond vastspijkert om te zien of het goed werkt.

Zorg ervoor dat de diagonale lijn gelijk is, $A = B = 464,8 \text{ cm}$, en dat alle poten 90° verticaal ten opzichte van de grond staan.
