# Tink table

## Product facts

### Materials

---

Plate	Solid oak / Linoleum
Legs	Solid oak
Finish	Hardwax oil

### Technical features

---

#### Plate

The table plate is fully made out of solid oak or linoleum (natural, warm to the touch, smooth, antibacterial surface material) glued on beech plywood. The solid wood plate option has steel stiffeners at the bottom side of the plate which prevent minor changes in the dimensions of the wooden parts over time due to the hygroscopy.

#### Legs and aprons

Legs and aprons are also made out of solid oak and are connected with stainless steel rod stretchers.

#### Finish

Available in two plant-based Hardwax oil finishes (colours), which retain the wood's natural state, as a white or natural oil.

#### Cleaning

Please see [Product](#) or [Material](#) page on our website.

### Notes to consider

---

#### Variations

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.

#### Product changes

Please note that Gazzda reserves the right to alter construction and design without notice.

#### Dimensions (tolerances)

The dimensions shown are indicative, they may vary due to the natural properties of wood, season, or manufacturing processes. Deviations from the specified size may occur, usually no more than 1 cm.

For all additional inquiries regarding Tink table products please feel free to [contact us](#).
