FR - RECOMMANDATIONS

Notice à conserver pendant toute la durée de vie du produit.

Selon l'emplacement et la surface, l'installation de cette structure peut être soumise à une déclaration préalable de travaux ou une demande de permis de construire. Vérifier la réglementation en vigueur avant l'installation. Lire attentivement la notice avant de procéder au montage, s'assurer qu'aucune pièce n'est endommagée ou manquante. La structure doit être installée dans un environnement adapté, sur une fondation stable et nivelée, telle une dalle béton. Le montage nécessite au moins 2 personnes. Laisser suffisamment d'espace autour de la structure afin de ne pas être gêné pour son installation. Manipuler les pièces avec précaution. Déballez toutes les pièces, les placer sur une surface propre et les rassembler par zone. Ne pas utiliser de produit corrosif ou autre produit de nettoyage agressif pouvant altérer la structure.

CONSEILS D'UTILISATION

Cette structure ne peut être utilisée à des fins résidentielles. Ne pas effectuer l'installation par temps pluvieux ou venteux. Utiliser uniquement les outils listés dans la notice. Porter des gants et lunettes de protection pour le montage. Nettoyer la structure à l'eau claire et au savon. Les produits contenant de l'huile ou de l'acétone peuvent tâcher ou endommager la structure. Ne pas stocker d'objet chaud dans l'abri, tels que grill ou barbecue récemment utilisés, ou tout produit chimique volatil. Afin d'éviter toute déformation de l'abri, ne pas appuyer d'objet lourd contre les murs. En cas de neige, déblayer le toit. S'assurer de la bonne ventilation de l'abri pour éviter toute moisissure. La direction du vent est un facteur important, éviter d'exposer la structure à une zone très venteuse. Garder les portes fermées et verrouillées lorsque l'abri n'est pas utilisé.

GARANTIE DU PRODUIT

La garantie commerciale prend effet à la date de facturation du produit pour une durée de 15 ans. La garantie couvre tout défaut de fabrication et se limite au remplacement de la pièce défectueuse par une pièce identique ou similaire.

La garantie ne pourra s'appliquer qu'en cas de respect des conseils de montage, d'utilisation et d'entretien. La garantie ne couvre pas :

- L'usure normale du produit
- La perte ou la casse de toute pièce lors du déballage et/ou de l'installation
- Le vandalisme
- Les conditions climatiques extrêmes : vents forts, tempêtes, grêle, neige, inondations, foudre

EN - RECOMMENDATIONS

Keep this manual for the life of the product. Depending on location and surface area, the installation of this structure may be subject to prior declaration of works or building permit. Check current regulations before installation. Read the instructions carefully before installation, and check that no parts are damaged or missing. The structure must be installed in a suitable environment, on a stable, level foundation such as a concrete slab. Assembly requires at least 2 people. Leave enough space around the structure so as not to be obstructed during installation. Handle parts with care. Unpack all parts, place them on a clean surface and assemble them by area. Do not use corrosive or other aggressive cleaning products that could damage the structure.

INSTRUCTIONS FOR USE

This structure is not suitable for residential use. Do not install in wet or windy conditions. Use only the tools listed in the instructions. Wear protective gloves and goggles during assembly. Clean the structure with clear water and soap. Products containing oil or acetone may stain or damage the structure. Do not store hot objects in the shelter, such as recently used grills or barbecues, or any volatile chemicals. To avoid deforming the shelter, do not lean heavy objects against the walls. In case of snow, clear the roof. Make sure the shelter is well ventilated to prevent mould. Wind direction is an important factor; avoid exposing the structure to very windy areas. Keep doors closed and locked when not in use.

PRODUCT WARRANTY

The commercial warranty takes effect on the product's invoice date and lasts for 15 years. The warranty covers any manufacturing defect and is limited to the replacement of the defective part by an identical or similar part.

The warranty will only apply if assembly, use and maintenance instructions have been followed. The warranty does not cover :

- Normal wear and tear
- Loss or breakage of any part during unpacking and/or installation
- Vandalism
- Extreme weather conditions: high winds, storms, hail, snow, floods, lightning.

DE - EMPFEHLUNGEN

Gebrauchsanweisung, die während der gesamten Lebensdauer des Produkts aufzubewahren ist. Je nach Standort und Fläche kann für die Installation dieser Struktur eine vorherige Bauanzeige oder ein Antrag auf Baugenehmigung erforderlich sein. Prüfen Sie vor der Installation die geltenden Vorschriften. Lesen Sie die Anleitung vor dem Aufbau aufmerksam durch und vergewissern Sie sich, dass keine Teile beschädigt sind oder fehlen. Die Struktur muss in einer geeigneten Umgebung auf einem stabilen und nivellierten Fundament, z. B. einer Betonplatte, aufgestellt werden. Für den Aufbau sind mindestens zwei Personen erforderlich. Lassen Sie um die Struktur herum ausreichend Platz, damit sie beim Aufbau nicht behindert wird. Gehen Sie mit den Teilen vorsichtig um. Packen Sie alle Teile aus, legen Sie sie auf eine saubere Oberfläche und stellen Sie sie nach Bereichen zusammen. Verwenden Sie keine ätzenden oder anderen aggressiven Reinigungsmittel, die die Struktur angreifen könnten.

NUTZUNGSHINWEISE

Diese Struktur darf nicht für Wohnzwecke verwendet werden. Führen Sie den Aufbau nicht bei regnerischem oder windigem Wetter durch. Verwenden Sie nur die in der Anleitung aufgelisteten Werkzeuge. Tragen Sie bei der Montage Schutzhandschuhe und Schutzbrille. Reinigen Sie die Struktur mit klarem Wasser und Seife. Öl- oder acetonalhaltige Produkte können die Struktur verfärben oder beschädigen. Lagern Sie keine heißen Gegenstände im Schutzraum, wie z. B. einen kürzlich benutzten Grill oder Barbecue oder flüchtige Chemikalien. Um eine Verformung des Schutzraums zu vermeiden, lehnen Sie keine schweren Gegenstände an die Wände. Räumen Sie im Falle von Schnee das Dach. Sorgen Sie für eine gute Belüftung des Schutzraums, um Schimmelbildung zu vermeiden. Die Windrichtung ist ein wichtiger Faktor, vermeiden Sie es, die Struktur einem sehr windigen Gebiet auszusetzen. Halten Sie die Türen geschlossen und verriegelt, wenn der Schutzraum nicht benutzt wird.

PRODUKTGARANTIE

Die kommerzielle Garantie beginnt mit dem Rechnungsdatum des Produkts und gilt für eine Dauer von 15 Jahren. Die Garantie deckt alle Herstellungsfehler ab und beschränkt sich auf den Ersatz des defekten Teils durch ein identisches oder ähnliches Teil.

Die Garantie gilt nur, wenn die Montage-, Gebrauchs- und Pflegehinweise beachtet werden. Die Garantie deckt nicht ab:

- Den normalen Verschleiß des Produkts.
- Verlust oder Bruch von Teilen während des Auspackens und/oder der Installation.
- Vandalismus
- Extreme Wetterbedingungen: starke Winde, Stürme, Hagel, Schnee, Überschwemmungen, Blitzeinschlag

NL - AANBEVELINGEN

Bewaar deze instructies gedurende de levensduur van het product. Afhankelijk van de locatie en de oppervlakte kan de installatie van deze structuur onderworpen zijn aan een voorafgaande melding van werken of een aanvraag voor een bouwvergunning. Controleer de geldende voorschriften voor de installatie. Lees de instructies zorgvuldig door voordat u de structuur installeert en controleer of er geen onderdelen beschadigd zijn of ontbreken. De structuur moet worden geïnstalleerd in een geschikte omgeving, op een stabiele, vlakke ondergrond zoals een betonnen plaat. Voor de montage zijn minstens 2 personen nodig. Laat voldoende ruimte vrij rond de structuur zodat deze niet wordt geblokkeerd tijdens de installatie. Ga voorzichtig om met de onderdelen. Pak alle onderdelen uit, leg ze op een schone ondergrond en zet ze per zone in elkaar. Gebruik geen bijtende of andere agressieve schoonmaakmiddelen die de structuur kunnen beschadigen.

AANBEVELINGEN VOOR GEBRUIK

Deze structuur is niet geschikt voor residentieel gebruik. Niet installeren in regenachtige of winderige omstandigheden. Gebruik alleen het gereedschap dat in de instructies staat. Draag beschermende handschoenen en een veiligheidsbril tijdens de montage. Reinig de structuur met schoon water en zeep. Producten die olie of aceton bevatten, kunnen vlekken of schade aan de structuur veroorzaken. Bewaar geen hete voorwerpen in de shelter, zoals recent gebruikte grills of barbecues, of vluchtige chemicaliën. Plaats geen zware voorwerpen tegen de wanden om vervorming van de shelter te voorkomen. Maak het dak sneeuwvrij als er sneeuw ligt. Zorg ervoor dat de schuilplaats goed geventileerd is om schimmel te voorkomen. Windrichting is een belangrijke factor; vermijd blootstelling van de constructie aan een erg winderig gebied. Houd de deuren gesloten en vergrendeld als de shelter niet in gebruik is.

PRODUCTGARANTIE

De commerciële garantie gaat in op de factuurdatum van het product voor een periode van 15 jaar. De garantie dekt elke fabricagefout en is beperkt tot de vervanging van het defecte onderdeel door een identiek of gelijksoortig onderdeel.

De garantie is alleen van toepassing als de montage-, gebruiks- en onderhoudsinstructies zijn opgevolgd. De garantie dekt niet

- Normale slijtage
- Verlies of breuk van een onderdeel tijdens het uitpakken en/of installeren
- Vandalisme
- Extreme weersomstandigheden: harde wind, storm, hagel, sneeuw, overstroming, bliksem, enz.

ES - RECOMENDACIONES

Conserve estas instrucciones durante toda la vida útil del producto.

Dependiendo de la ubicación y de la superficie, la instalación de esta estructura puede estar sujeta a una declaración previa de obras o a una solicitud de licencia urbanística. Compruebe la normativa vigente antes de la instalación. Lea atentamente las instrucciones antes de instalar la estructura y compruebe que no falte ninguna pieza ni esté dañada. La estructura debe instalarse en un entorno adecuado, sobre una base estable y nivelada, como una losa de hormigón. El montaje requiere al menos 2 personas. Deje espacio suficiente alrededor de la estructura para que no se vea obstaculizada durante la instalación. Manipule las piezas con cuidado. Desembale todas las piezas, colóquelas sobre una superficie limpia y móntelas por zonas. No utilice productos de limpieza corrosivos o agresivos que puedan dañar la estructura.

RECOMENDACIONES DE USO

Esta estructura no es apta para uso residencial. No la instale en condiciones de lluvia o viento. Utilice únicamente las herramientas indicadas en las instrucciones. Utilice guantes y gafas de protección durante el montaje. Limpie la estructura con agua limpia y jabón. Los productos que contengan aceite o acetona pueden manchar o dañar la estructura. No guarde objetos calientes en el refugio, como parrillas o barbacoas recién usadas, ni productos químicos volátiles. Para evitar deformar el refugio, no apoyes objetos pesados contra las paredes. Si hay nieve, limpie el tejado. Asegúrate de que el refugio esté bien ventilado para evitar el moho. La dirección del viento es un factor importante; evita exponer la estructura a una zona muy ventosa. Mantén las puertas cerradas y bloqueadas cuando el refugio no esté en uso.

GARANTÍA DEL PRODUCTO

La garantía comercial entra en vigor en la fecha de facturación del producto por un periodo de 15 años. La garantía cubre cualquier defecto de fabricación y se limita a la sustitución de la pieza defectuosa por otra idéntica o similar.

La garantía sólo se aplicará si se han seguido las instrucciones de montaje, uso y mantenimiento. La garantía no cubre :

- El desgaste normal
- Pérdida o rotura de cualquier pieza durante el desembalaje y/o la instalación
- Actos vandálicos
- Condiciones climáticas extremas: vientos fuertes, tormentas, granizo, nieve, inundaciones, rayos, etc.

PT - RECOMENDAÇÕES

Conservar estas instruções durante toda a vida útil do produto.

Em função da localização e da superfície, a instalação desta estrutura pode estar sujeita a uma declaração prévia de obras ou a um pedido de autorização de planeamento. Verificar a regulamentação em vigor antes da instalação. Ler atentamente as instruções antes de instalar a estrutura e verificar que não há peças danificadas ou em falta. A estrutura deve ser instalada num ambiente adequado, sobre uma base estável e nivelada, como uma laje de betão. A montagem requer pelo menos 2 pessoas. Deixar espaço suficiente à volta da estrutura para não ser obstruído durante a instalação. Manusear as peças com cuidado. Desembale todas as peças, coloque-as numa superfície limpa e monte-as por área. Não utilizar produtos de limpeza corrosivos ou agressivos que possam danificar a estrutura.

RECOMENDAÇÕES DE UTILIZAÇÃO

Esta estrutura não é adequada para uso residencial. Não instalar em condições de chuva ou vento. Utilizar apenas as ferramentas indicadas nas instruções. Usar luvas e óculos de proteção durante a montagem. Limpar a estrutura com água limpa e sabão. Os produtos que contêm óleo ou acetona podem manchar ou danificar a estrutura. Não guarde objectos quentes no abrigo, tais como grelhadores ou churrascos recentemente utilizados, ou quaisquer produtos químicos voláteis. Para evitar deformar o abrigo, não encoste objectos pesados às paredes. Se houver neve, limpe o telhado. Certifique-se de que o abrigo é bem ventilado para evitar a formação de bolor. A direção do vento é um fator importante; evite expor a estrutura a uma zona muito ventosa. Manter as portas fechadas e trancadas quando o abrigo não estiver a ser utilizado.

GARANTIA DO PRODUTO

A garantia comercial entra em vigor na data da fatura do produto por um período de 15 anos. A garantia cobre qualquer defeito de fabrico e limita-se à substituição da peça defeituosa por uma peça idêntica ou similar.

A garantia só é válida se as instruções de montagem, utilização e manutenção forem respeitadas. A garantia não cobre :

- desgaste normal
- Perda ou quebra de qualquer peça durante a desembalagem e/ou instalação
- Vandalismo
- Condições climáticas extremas: ventos fortes, tempestades, granizo, neve, inundações, relâmpagos, etc.

IT - RACCOMANDAZIONI

Conservare queste istruzioni per tutta la durata del prodotto.

A seconda dell'ubicazione e della superficie, l'installazione di questa struttura può essere soggetta a una dichiarazione preventiva dei lavori o a una richiesta di autorizzazione edilizia. Prima dell'installazione, verificare la normativa vigente. Prima di installare la struttura, leggere attentamente le istruzioni e verificare che non vi siano parti danneggiate o mancanti. La struttura deve essere installata in un ambiente idoneo, su una base stabile e piana come una soletta di cemento. Il montaggio richiede almeno 2 persone. Lasciare uno spazio sufficiente intorno alla struttura in modo che non venga ostacolata durante l'installazione. Maneggiare i componenti con cura. Disimballare tutti i componenti, posizionarli su una superficie pulita e assemblarli per zona. Non utilizzare prodotti di pulizia corrosivi o aggressivi che potrebbero danneggiare la struttura.

RACCOMANDAZIONI PER L'USO

Questa struttura non è adatta all'uso residenziale. Non installare in condizioni di pioggia o vento. Utilizzare solo gli attrezzi indicati nelle istruzioni. Indossare guanti e occhiali protettivi durante il montaggio. Pulire la struttura con acqua pulita e sapone. I prodotti contenenti olio o acetone possono macchiare o danneggiare la struttura. Non riporre nella struttura oggetti caldi, come griglie o barbecue usati di recente, o sostanze chimiche volatili. Per evitare di deformare il rifugio, non appoggiate oggetti pesanti alle pareti. In caso di neve, sgomberare il tetto. Assicuratevi che il rifugio sia ben ventilato per evitare la formazione di muffa. La direzione del vento è un fattore importante; evitare di esporre la struttura a un'area molto ventosa. Tenere le porte chiuse e bloccate quando il rifugio non è in uso.

GARANZIA DEL PRODOTTO

La garanzia commerciale decorre dalla data di fatturazione del prodotto per un periodo di 15 anni. La garanzia copre qualsiasi difetto di fabbricazione ed è limitata alla sostituzione del pezzo difettoso con un pezzo identico o simile.

La garanzia si applica solo se sono state seguite le istruzioni di montaggio, uso e manutenzione. La garanzia non copre

- La normale usura
- Perdita o rottura di qualsiasi parte durante il disimballaggio e/o l'installazione
- Atti vandalici
- Condizioni atmosferiche estreme: venti forti, tempeste, grandine, neve, inondazioni, fulmini, ecc.
